Participants are advised to wear business casual for all Congress functions and programs. Participants are advised to take out their own personal travel and health insurance for their trip. An exhibition will be held. See the Sponsorship & Exhibition page, by clicking [here](#), for more details regarding support. Support from pharmaceutical partners helps make this event possible. As such, it is important that we comply with the various codes and directives relating to the manufacturing, distribution, and marketing of pharmaceutical products. The European Union directive (2001/83/EC, article 86) provides guidelines relating to medicinal products for human use. Within these guidelines is the restriction that access to pharmaceutical product marketing activities must be limited to only those participants licensed/authorized to prescribe or supply medicinal products. All participants, with the exception of the exhibitors, are asked the following question during registration: Are you licensed/authorized to prescribe or supply prescription-only medicines?
